

California State University, Stanislaus

[Archived Catalog]

Department of Chemistry

Shane L. Phillips, Ph.D., *Chair*

Professors: Drake, Phillips, Russell, N. Stessman, C. Stessman, Stone

Associate Professor: Alemán

Assistant Professors: Manchanda, Vardar-Schara

Office: Naraghi Hall of Science - N360

Phone: (209) 667-3468

Program Learning Outcomes

1. Graduates will demonstrate knowledge competency extending throughout the main sub-disciplines of chemistry.
2. Graduates will think critically to analyze chemical problems.
3. Graduates will communicate effectively in a professional setting.
4. Graduates will demonstrate the ability to work competently and effectively in a laboratory environment.

Teaching Credentials

Majors in chemistry interested in multiple subject or single subject credentials are referred to the [Teacher Education](#) section of this catalog for a description of teaching credential programs.
