The CSU makes every effort to keep student costs to a minimum. Tuition and fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU reserves the right, even after initial pay-

ments are made, to increase or modify any listed tuition or fees. All listed fees, other than mandatory systemwide tuition, are subject to change without notice, until the date when instruction for a particular semester or quarter has begun. All CSU-listed tuition and fees should be regarded as **estimates** that are subject to change upon approval by the Board of Trustees, the chancellor or the presidents, as appropriate. Changes in mandatory systemwide tuition will be made in accordance with the requirements of the Working Families Student Fee Transparency and Accountability Act (Sections 66028 - 66028.6 of the Education Code).

The following reflects applicable systemwide tuition and fees for both semester and quarter campuses. ***These rates are subject to change.***

-----------------	-------	-------

The total nonresident tuition paid per term will be determined by the number of units taken.

Mandatory systemwide tuition is waived for those individuals who qualify for such exemption under the provisions of the California Education Code (see section on fee waivers).

Students are charged campus fees in addition to tuition and systemwide fees. Information on campus fees can be found by contacting the individual campus(es).

Assembly Bill 540 Exemption from Nonresident Tuition

Any student who has attended a California high school full time for three or more years and has graduated from a California high school or attained the equivalent thereof (e.g., a High School Equivalency Certificate issued by the California Department of Education - a GED certificate alone does not qualify) will be exempt from paying nonresident tuition. An undocumented alien student who meets the above requirements must file an affidavit with the university indicating the student has applied for legal immigration status or will do so as soon as the student is eligible to do so.

Students who meet the exemption requirements and who are undocumented aliens are not eligible for any federal or state financial aid program. Students exempted from paying nonresident tuition under AB 540 are not eligible for the Governor's Merit Scholar Programs.

The law does not distinguish between public or private high schools nor impose any time limit on how far in the past the student may have attained this status.

Credit Cards

Neither the main cashiers office, nor the Stanislaus State-Stockton Campus cashiers office will accept credit cards. Regular University fees may be paid online with VISA, MasterCard, Discover, or American Express through CASHNet Smartpay, but users incur a 2.75% convenience fee. VISA, MasterCard, and Discover are accepted only at University Extended Education for payment of student fees. University Police and Parking Management Bureau accept VISA, MasterCard, Discover, and American Express.

Refund of Tuition and Mandatory Fees, Including Nonresident Tuition

Regulations governing the refund of tuition and mandatory fees, including nonresident tuition, for students enrolling at the California State University are included in Section 41802 of Title 5, California Code of Regulations. For purposes of the refund policy, mandatory fees are defined as those systemwide and campus fees that are required to be paid in order to enroll in state-supported academic programs at the CSU. Refunds of fees and tuition charges for self-support, special session, and extended education programs or courses at the CSU are governed by a separate policy established by the University, available in the [Academic Policies, Procedures and Standards](#) page.

In order to receive a full refund tuition and of mandatory fees, less an administrative charge established by the campus, including nonresident tuition, a student must cancel registration or drop all courses prior to the first day of instruction for the term. Information on procedures and deadlines for canceling registration and dropping classes is available in the [Registration and Attendance](#) page.

For state-supported semesters, quarters, and non-standard terms or courses of four weeks or more, a student who withdraws during the term in accordance with the University's established procedures or drops all courses prior to the campus-designated drop period will receive a refund of tuition and mandatory fees, including nonresident tuition, based on the portion of the term during which the student was enrolled. No student withdrawing after the 60 percent point in the term will be entitled to a refund of any mandatory fees or nonresident tuition.

A student who, within the campus designated drop period and in accordance with campus procedures, drops units resulting in a lower tuition and/or mandatory fee obligation shall be entitled to a refund of applicable tuition and mandatory fees less an administrative charge established by the campus.

For state-supported non-standard terms or courses of less than four weeks, no refunds of tuition and mandatory fees, including nonresident tuition will be made unless a student cancels registration or drops all classes, in accordance with the University's established procedures and deadlines, prior to the first day of instruction for state-supported non-standard terms or courses or prior to the first meeting for courses of less than four weeks.

Students will also receive a refund of tuition and mandatory fees, including nonresident tuition, under the following circumstances:

- The tuition and fees were assessed or collected in error;
- The course for which the tuition and fees were assessed or collected was canceled by the university;
- The University makes a delayed decision that the student was not eligible to enroll in the term for which tuition and mandatory fees were assessed and collected and the delayed decision was not due to incomplete or inaccurate information provided by the student; or
- The student was activated for compulsory military service.

Students who are not entitled to a refund as described above may petition the university for a refund demonstrating exceptional circumstances and the chief financial officer of the University or designee may authorize a refund if he or she determines that the fees and tuition were not earned by the University.

Information concerning any aspect of the refund of fees may be obtained from the Manager of Student Financial Services, Mary Stuart Rogers Building, Suite 270, or at (209) 667-3063.

Cancellation of Registration or Withdrawal from the Institution

Students who find it necessary to cancel their registration or to withdraw from all classes after enrolling for any academic term are required to follow the University's official withdrawal procedures. Failure to follow formal University procedures may result in an obligation to pay fees as well as the assignment of failing grades in all courses and the need to apply for readmission before being permitted to enroll in another academic term. Information on canceling registration and withdrawal procedures is available from Enrollment Services, (209) 667-3264.

Students who receive financial aid funds must consult with the Financial Aid office prior to withdrawing from the university regarding any required return or repayment of grant or loan assistance received for that academic term or payment period. Students who have received financial aid and withdraw from the institution during the academic term or payment period may need to return or repay some or all of the funds received, which may result in a debt owed to the institution.

Fees and Debts Owed to the Institution

Should a student or former student fail to pay a fee or a debt owed to the institution, including tuition and student charges, the institution may, “withhold permission to register, to use facilities for which a fee is authorized to be charged, to receive services, materials, food or merchandise or any combination of the above from any person owing a debt” until the debt is paid (see Title 5, California Code of Regulations, Sections 42380 and 42381).

Prospective students who register for courses offered by the University are obligated for the payment of charges and fees associated with registration for those courses. Failure to cancel registration in any course for an academic term prior to the first day of the academic term gives rise to an obligation to pay student charges and fees including any tuition for the reservation of space in the course.

The institution may withhold permission to register or other services offered by the institution from anyone owing fees or another debt to the institution. The institution may also report the debt to a credit bureau, offset the amount due against any future state tax refunds or lottery winnings due the student, refer the debt to an outside collection agency and/or charge the student actual and reasonable collection costs, including reasonable attorney fees if litigation is necessary, in collecting any amount not paid when due.

The institution may not withhold an official transcript of grades by the institution from anyone owing fees or another debt to the institution (see Title 1.6C.7 (commencing with Section 1788.90) Part 4 of Division 3 of the Civil Code). The institution can still charge a fee for the issuance of the transcript pursuant to their published transcript processing fees.

If a person believes he or she does not owe all or part of an asserted unpaid obligation, that person may contact the Student Financial Services Office, (209) 667-3063, MSR 270. The Student Financial Services Office, or another office on campus to which the Student Financial Services Office may refer the person, will review all pertinent information provided by the person and available to the campus and advise the person of its conclusions.

The Financial Aid and Scholarship Office administers Federal and State financial aid programs and University scholarship funds to help students meet their educational expenses. We provide financial assistance and guidance to support student access and success.

Stanislaus State has four major types of financial aid available to students and their families: grants, work-study, loans and scholarships.

1. Federal and State Grants are need-based funds that do not need to be repaid.
2. Federal Work-Study funds are need-based and must be earned through authorized work experience.
3. Federal Loans are need-based and non-need-based and repayment begins approximately six months after leaving the University or dropping below half-time enrollment. An online loan entrance counseling session and a Master Promissory Note are required for all new borrowers. Loan exit counseling is required for all students who are graduating or leave school (including withdrawing from all classes).
4. State aid and Institutional aid are need-based and students apply through the FAFSA or The California Dream (AB540 students) application process. The Middle Class Scholarship can be used to pay tuition fees, or other educationally related expenses. Cal Grants and State University Grants assist students with tuition/fee payment. Students receiving a fee waiver or fee sponsorship are not eligible for the Cal Grant A, Cal Grant B Fees, Middle Class Scholarship or the State University Grant.
5. Most scholarships are need-based, although a limited number of merit-based scholarships are available. Scholarships require separate application and are awarded competitively.

To apply for Financial Aid, complete a FAFSA (Free Application for Federal Student Aid) online at: www.fafsa.gov or a California Dream application at www.csac.ca.gov/dream_act.asp. Submit the Free Application for Federal Student Aid (FAFSA) or the CA Dream application no earlier than October 1 and no later than March 2 for priority consideration to receive aid in the following academic year. These applications are used to determine your eligibility for all federal, state, and institutional funds. Submit all additional forms requested by the Financial Aid and Scholarship Office as soon as possible. Many funds are all awarded before the school year begins.

If you are unsure whether your file is complete, use the [myStanState](#) portal to check to see if additional documents are being requested. Please keep your contact information updated on the portal to ensure receipt of important notices. Please check your myStanState email regularly for any important communications. You must inform our office of any changes in housing plans or enrollment status.

Financial aid applicants are expected to: know application deadlines and to apply early; respond immediately to requests for documents; read all financial aid correspondence and emails carefully and promptly; keep copies of all forms submitted and create a special file for Financial Aid documents.

Satisfactory Academic Progress

A Satisfactory Academic Progress review toward an eligible degree or certificate is required by federal, state and institutional rules as one condition for determining student financial aid eligibility. We review Satisfactory Academic Progress on a term basis, at the end of every term. Your academic progress will be reviewed in several areas: units attempted versus units earned, academic disqualification and maximum units to complete a degree. There is also a limit as to the number of times you can repeat a class. Classes are generally only funded twice and a third repeat may not be funded by financial aid. If you fail to meet

satisfactory academic progress in any of these areas, you will be ineligible for financial aid funding and your aid will be canceled. You may be able to restore your aid if there are qualified extenuating circumstances for an appeal.

Enrollment Adjustments for Financial Aid Recipient

Financial Aid awards are based on full-time enrollment at 12 units for undergraduates and 8 units for graduates. Most adjustments for less than full-time are made after the semester begins. If you are enrolled less than full-time, your disbursement will be reduced or canceled. You must stay enrolled to maintain eligibility. Courses that apply towards a student's degree objective are eligible for financial aid funding. In some cases, you may be required to repay Financial Aid if you drop or withdraw from classes.

Withdrawing from the University

Students who receive financial aid funds must consult with the Financial Aid and Scholarship Office prior to withdrawing from the University regarding any required return or repayment of grant or loan assistance received for that academic term. If a recipient of financial assistance under federal Title IV financial aid programs withdraws from the institution during a payment period, the amount of grant or loan assistance received is subject to return and repayment provisions governed by Federal law. If students withdraw from a class prior to the census date they may also be subject to a partial repayment of their financial aid.

Students interested in more information regarding financial aid, scholarship programs, or application procedures should inquire directly to the Financial Aid and Scholarship Office. The standard applicable to Financial Aid recipients for Satisfactory Academic Progress is found on the Financial Aid Website under "Academic Requirements." Students can access their financial aid status online at [myStanState](#) portal.

Student Assistant Employment

Student employment on campus is administered through Human Resources in MSR 320. Students can view non-Workstudy and Unit 11 (teaching assistants and tutors) job openings online 24/7 or in the Human Resources Office during regular business hours.

Selective Service Registration

The federal Military Selective Service Act requires males residing in the United States to register with the Selective Service System within 30 days of their 18th birthday. Males between the ages of 18 and 25 must be registered. Males born after December 31, 1959 may be required to submit a statement of compliance with the Act and regulations to receive any grant, loan or work assistance under specified provisions of existing federal law. In California, students subject to the Act who fail to register are also ineligible to receive any need-based student grants funded by the state or a public postsecondary institution.

Selective Service registration forms are available at any U.S. Post Office, and many high schools have a staff member or teacher appointed as a Selective Service Registrar. Applicants for financial aid can also request that information provided on the Free Application for Federal Student Aid (FAFSA) be used to register them with the Selective Service. Information on the Selective Service System is available and the registration process may be initiated online at www.sss.gov.

Scholarships

Students who demonstrate academic excellence may receive monetary support from nearly 140 available scholarships, many offering multiple awards. Any full-time matriculated Stanislaus State student may apply. Scholarships are funded by private gifts, business donations, and endowments. Most awards range from \$100 to \$5,000 per academic year, averaging about \$500.

Since 1996, more than \$10 million has been pledged and/or gifted to the Stanislaus State Foundation in support of scholarships, endowed scholarships, and endowed operations from private donors. Recruiting scholarships are designated for entering freshmen and transferring community college students. Department scholarships are for students who have declared a specific major. Open scholarships are unrestricted. For complete information, contact the Financial Aid and Scholarship Office at (209) 667-3336 or visit the website at www.csustan.edu/financial-aid-scholarships.

Average Support Cost Per Full-Time Equivalent Student and Sources of Funds

The total support cost per full-time equivalent student (FTES) includes the expenditures for current operations, including payments made to students in the form of financial aid, and all fully reimbursed programs contained in state appropriations. The average support cost is determined by dividing the total cost by the number of FTES. The total CSU 2019/20 budget amounts were \$3,982,552,000 from state General Fund (GF) appropriations and before adding \$39.3 million CalPERS retirement adjustment, \$2,499,138,000 from gross tuition revenue, and \$656,748,000 from other fee revenues for a total of \$7,138,439,000. The 2019/20 resident FTES target is 374,131 and the nonresident FTES based on past-year actual is 24,026 for a total of 398,157 FTES. The GF appropriation is applicable to resident students only whereas fee revenues are collected from resident and nonresident students. FTES is determined by dividing the total academic student load (e.g. 15 units per semester) (the figure used here to define a full-time student's academic load).

2018/19	Amount	Average Cost per FTES	Percentage
• State Appropriation (GF) ¹	3,982,552,000	10,645	57.43%
• Gross Tuition Revenue ²	2,499,138,000	6,277	33.8%
• Other Fees Revenue ²	656,748,000	1,649	8%
Total Support Cost	7,138,439,000	18,571	100%

The 2019/20 average support cost per FTES based on GF appropriation and tuition revenue only is \$16,922 and when including all three sources as indicated below is \$18,571, which includes all fee revenue (e.g. tuition, application fees, and other campus mandatory fees) in the CSU Operating Fund. Of this amount, the average tuition and other fee revenue per FTES is \$7,926

¹Represents state GF appropriation in the Budget Act of 2019/20; GF is divisible by resident students only (374,131 FTES)

²Represents CSU Operating Fund, gross tuition and other fees revenue amounts submitted in campus August 2019/20 final budgets. Revenues are divisible by resident and nonresident students (398,157 FTES).

The average CSU 2019/20 academic year, resident, undergraduate student basic tuition and other mandatory fees required to apply to, enroll in, or attend the university is \$7,337 (\$5,742 tuition fee plus \$1,595 average campus-based fees). However, the costs paid by individual students will vary depending on campus, program, and whether a student is part-time, full-time, resident or nonresident.

Procedure for the Establishment or Abolishment of Campus-Based Mandatory Fees

The law governing the California State University provides that specific campus fees defined as mandatory, such as a student association fee and a student center fee, may be established. A student association fee must be established upon a favorable vote of two-thirds of the students voting in an election held for this purpose (Education Code, Section 89300). The campus President may adjust the student association fee only after the fee adjustment has been approved by a majority of students voting in a referendum established for that purpose. The required fee shall be subject to referendum at any time upon the presentation of a petition to the campus President containing the signatures of 10 percent of the regularly enrolled students at the University. Student association fees support a variety of cultural and recreational programs, childcare centers, and special student support programs. A student center fee may be established only after a fee referendum is held which approves by a two-thirds favorable vote the establishment of the fee (Education Code, Section 89304). Once bonds are issued, authority to set and adjust student center fees is governed by provisions of the State University Revenue Bond Act of 1947, including, but not limited to, Education Code sections 90012, 90027, and 90068.

The process to establish and adjust other campus-based mandatory fees requires consideration by the campus fee advisory committee and a student referendum as established by Executive Order 1102, Section III. The campus President may use alternate consultation mechanisms if he/she determines that a referendum is not the best mechanism to achieve appropriate and meaningful consultation. Results of the referendum and the fee committee review are advisory to the campus President. The President may adjust campus-based mandatory fees but must request the Chancellor to establish a new mandatory fee. The President shall provide to the campus fee advisory committee a report of all campus-based mandatory fees. The campus shall report annually to the Chancellor a complete inventory of all campus-based mandatory fees.
